Hi Gary:

The story I have written is published at:

<http://mesacountycommitteeofcorrespondence.com/?q=node/114>.

Please read it and confer with Jay Seaton as to whether or not the Daily Sentinel wants to investigate the story.

My opinion is that it is a huge and very newsworthy public interest story which the Sentinel, in the public interest, should investigate vigorously.

My guess is that, prior to Jay Seaton's tenure as owner, some person/s in power, ostensibly George Orbanek, Denny Herzog and/or Bob Silbernagel decided to spike the story.

I would be grateful if you would tell me what you know about how the Sentinel powers at the time came to their decision to spike the story, thereby covering up judicial crimes.

Thanks for your consideration.

All the best,

John
