

Emails from the Kingdom of Yr*:

Regarding the craziness of Johannah Clare Wilkenson (née Taylor), my brother David's dangerously borderline British-citizen ex-wife

~ by John Wilkenson ~

(*A make-believe world created as a defense from a confusing, frightening reality. See the 1964 novel, "I Never Promised You A Rose Garden", by Hannah Green, the pen name used by Joanne Greenberg. <http://bit.ly/1FSXGTt>)

Johannah is a violent, seriously borderline disordered chronic-drunk-driving alcoholic loser – see the 180-page deposition of her first ex-husband, Paul Sowerby at <http://bit.ly/1Os3BRl> -- who my brother David's Ph.D psychologist (hired to help Ben and Toby) has said is the "craziest" person he has ever talked with, and said shrink worked for 10 years in the Kansas prison system and has heard every type of lie, manipulation and delusion imaginable.

Last I knew, Johannah was unable to complete her education and/or hold a meaningful job for any length of time.

Johannah is a domestically violent person.

Johannah's mental problems are outlined in the 180-page deposition of Paul Sowerby at <http://bit.ly/1Os3BRl>.

The lies and manipulations of Anita Lea Baillie (née Wilkenson), Daniel Wilkenson and John Vieira are outlined in a Common Sense pamphlet at <http://bit.ly/1Mo7rv9>, pages 3 and 4.

Johannah has threatened my life by phone.

Johannah has barged into my bedroom in the middle of the night looking for David. See "Johnny's Opus" at <http://bit.ly/1Wm4DUK>.

Johannah's mentally ill lies and manipulations were the principal source and cause of the destruction of my immediate family. (At dad's funeral, David approached Daniel with an offer to bury the hatchet and let bygones be bygones so family fellowship could be restored. Daniel refused, in effect telling David that he'd rather remain bitter. What can you do with that? Some "man of God"!)

Johannah has called Community Hospital posing as "Georgina Greenhouse, an important English lawyer", trying to contact my partner, Phyliss, and undermine Phyliss' support of me. Johannah also called Cheryl Cox (wife of then-pastor Dan Cox) at Canyonview Vineyard church – which Dave, Phyliss and I were attending at the time – and tried to undermine Dave's support group at Canyonview. Johannah has relatively wealthy parents who enable her lunacy and loser status by throwing money at her. For example, Johannah, an alcoholic and chronic drunk driver at the time of the her hideously acrimonious divorce from David, had four DUI convictions. Three of those were injury accidents, and one of those three involved the injury of two police officers in Albuquerque, NM. Not to mind, though, because she simply boarded a plane for England and escaped the consequences of her habitually criminal scofflaw behavior.

For years "Nutso" – (my term of endearment for Johannah. David and some other folks refer to her "AWOL") – has cyberstalked me for years, repeatedly sending me unwanted emails when I don't want any contact with her whatsoever. I don't want to know anything about her, and I don't want any communication of any kind from her. I have not responded to any of her "nastygrams" because I don't want to encourage her sick lies, manipulations and desperation to engage others and draw them into her own private "Kingdom of Yr" world of mental illness.

Nutso's first ex-husband, Paul Sowerby, moved to Australia, ostensibly to get away from her. Read his deposition at <http://bit.ly/1Os3BRl> and decide for yourself.

Apparently Nutso is too ignorant and self-absorbed to realize that I am never going to give her the satisfaction of responding in person to her sick harassment. Apparently she is too ignorant – (she

fancies herself a genius and has on more than one occasion told David how much smarter she is than he) – to realize that the only “response” she is ever going to get from me is for me to make pdf files and jpeg screenshots of her “nastygrams” to serve as evidence to the whole wide world of her significant loser craziness, lies and manipulations.

I find it interesting how sick minds work. I might have been a shrink, but I'm too competitive. If one of my clients took a dive off a bridge, I would be inclined to take it personally, as if I had lost the game of trying to help them to take the risk of achieving sanity/wellness.

JRW's response to Nutso's (made publicly via this PDF file, not in person to Nutso):

Nutso is too ignorant to understand that the person without whose help I could not have won the case of John R. Wilkenson, et al v. US Dept of Interior, et al, 634 FS 1265 was former Mesa County Commissioner (and Glade Park resident) Eugene Vories. He was the person who persuaded the Mesa County to join my lawsuit. The only thing John Vieira did was teach me how to research the law and use a law library. As a matter of fact, I flatly rejected implementing his suggested strategy.

I declined to follow Vieira's strategy of confronting Judge Richard P. Matsch and winding up in jail. I sensed that Matsch was a fair man, and I was correct. In my opinion, John Vieira is intellectually lazy and a disloyal “friend”. He was so lazy he never learned how to type. He wouldn't even do the typing for the legal papers in his own case/s. He always had Bernie Dangler's wife, Betty, or one of their daughters type them for him. As a student, and citizen journalist with several websites, intellectually speaking, I have gone far, FAR beyond what John Vieira ever did to help me.

At this point in his life, rumor has it that Vieira is on daily dialysis, struggling to stay alive. So I find it amusing that Nutso still pretends Vieira is part of her support group when he couldn't care less about her.

The disordered perjuries and manipulations involved in my sister Anita's highly acrimonious divorce from John Vieira can be read in a Common Sense pamphlet at <http://bit.ly/1Mo7rv9>, pages 3-6.

Johannah is so involved with her own mentally ill loser lies and manipulations that she doesn't even realize how much she doesn't know about the so-called Glade Park Access Controversy. She and my sister Anita just parrot each other's ignorance, false pride and self-perceived cleverness.

John Vieira, incorrectly portrayed by serial loser and perjurer, Johannah, as being the guiding intellectual light behind my victory in the *Wilkenson* case, was so incredibly “brilliant” that he actually lied in a court paper, “Of course I must admit that I tricked him (meaning David - JRW) into said statement” (see p4, column 2 of “Common Sense”). The perjury was witnessed by one of David's friends who was present at the conversation John Vieira perjured himself about. It takes a real genius to obsess so much about showing your superior “intelligence” that you wind up publicly demonstrating your “genius” perjury for all to see!

Johannah's sick mind is fond of thinking she has allies in my family. She fools herself into thinking she knows a great deal about my family, as if they are all her allies instead of mine. Of course that's crazy. If she has even one ally, it would be my sister Anita, whose motivation would be to sustain the cover-up of her own lies.

John Vieira and my sister Anita had a very nasty divorce of their own. You can read about it at <http://johnwilkenson.com/files/Common%20Sense.pdf>, pages 3 and 4. Of Anita, John said: “I couldn't believe it! My name had been forged to obtain funds from a financial institution by fraud.” “I called them (Anita and her children – JRW) thieves which resulted in an accusation of a sexual assault by me on Michelle.” “I truly believe a divorce is necessary and that she is both corrupt and mentally ill.” Of John, Anita said, “John Vieira...has sexually assaulted me.” “I feel in imminent physical danger because of his repeated verbal and psychological attacks and his willingness to stop at nothing to inflict emotional and physical harm.” Those are supposed to be Nutso's allies against me and David! What a

self-deluding joke!

You can read about the criminal “tweaking” of the Mesa County Department of Human Services (MCDHS) at <http://bit.ly/1Mo7rv9>, pages 5 and 6.

Of Johannah, MCDHS case worker Mark Scofield wrote to Jackie Owens: “[Johannah] has lied, manipulated, changed story to meet own end.”

Of Johannah, MCDHS case worker Joni Vohs wrote, “I’m not really sure of what Catherine [Burkey] is referring to here. I transferred the case exactly as I would any other case....Considering the statements and the abrupt reversals of positions and the falsehoods brought forth by Johanna, I think Catherine is blowing smoke here. I think it’s an attempt to throw the light off Johanna and David and on to MCDHS. I also think that it is an attempt to split us on possible upcoming court stuff. In other words, Catherine has a real mess on her hands w/Johanna and needs to dig up doo-doo to move the spotlight. See me when you get back. Joni.”

Of Johannah, MCDHS case worker Joni Vohs also wrote, “Domestic Violence Shelter staff seems to be enmeshed with Johanna. I don’t know how objective they can be about reports and supervising.”

Of Johannah, therapist Rodney Hollandsworth told an MCDHS case worker that he “has had several calls a day asking him to intervene inappropriately” and that “he may need to add histrionic &/or borderline personality D.O. to Johanna’s DX. Noted she stirs up all the service providers associated with her case whenever a problem arises, without notifying each that she has asked all the others to help her solve the problem she reports.”

Informed by that background information about Nutso, following are some of the totally unwanted harassing emails which have come into my “in box” from my favorite lunatic in the Kingdom of Yr:

You and your brother have been deemed liars and manipulators of the truth, you did not defeat The department of the interior as you claim and we all know it, your claims to the contrary are pathetic. David was not the parent he claimed to be and therefore he lost custody of his children if you want to put this to the test ask his children. You are at best an entertaining blogger ...at worst a hypocrite inciting action from vulnerable sources.

(Response of John Wilkenson: “We all know it...” There’s that schizophrenic “we” again. Nutso knows nothing whatsoever about the Glade Park access controversy. Notice the general incoherence of, and contradictions in, Nutso’s ravings.)

Your insistent attempts to rewrite history (much the same as your late father)

The court has made its decision on custody long ago, you and David insisted on a long trial, which you got. Fact is David is not the father he thinks he is and never was. The very fact that he would choose to spend both sides time and money on litigation rather than the children speaks volumes. You are both disgusting pieces of work. Anybody capable of any decency is not going to listen to your bullshit. The only people that take any notice of your irrelevant blog are people suffering from the same illness you do. Your family has a long history of incest and paedophilia in your immediate family and Tom was a person victimized by it. Just be aware that I too can be open and honest on the web.

(Response of John Wilkenson: I'll paraphrase the famous SNL skit featuring Dan Aykroyd and Jane Curtin: Johannah, you ignorant slut, there is no history of incest and paedophilia in my immediate family, and my extended family all know that. My senile 84-year-old paternal grandfather had one incident of inappropriate behavior for which my father and his younger sister, Zetta, promptly had him institutionalized in Pueblo, where he died. You only prove yourself a lunatic and a fool in trying to talk about stuff you know nothing about. Tom was not "hurt" in anyway by anything in my family. We liked him and he liked us. He also liked Dave a lot, as Paul Sowerby pointed out in his deposition at <http://bit.ly/1Os3BRI>. A sick loser such as yourself would know nothing whatsoever about honesty and openness. All any interested person has to do to learn the truth about you and your private Kingdom of Yr is read Paul Sowerby's 180-page deposition at <http://bit.ly/1Os3BRI>, this aggregation of your unwanted lunatic emails, and what the caseworkers at MCDHS had to say about you. Additionally, you were such a "wonderful" mother that Paul Sowerby won custody of Tom in England. See if you can get Tom to make a deposition saying what "terrible" persons Dave and I are. That can't happen and you know it. Why don't you take a risk and spend some money on a good shrink? You're only middle-aged, and there may still be enough time left for you to achieve physical and mental wellness.)

You proclaim yourself as victor in a case that you know you had much help, the majority from your brother in law, then you claim success in a child support case which you failed miserably, you failed to recognize the human element. No one listens to you and your rantings are listed as "writer's own views" number 1. my children have all completed their education without the need to take or sell drugs. Number 2. they have done it without any financial support from their 'father'. You continually attacking myself or my methods is ridiculous unless you can produce a oxycodone free Brandon of course.

Sent from my iPad

(Response of John Wilkenson: David paid over \$100,000 in child support, some \$10,000 more than the law would have allowed if Johannah were not a violent and dangerously deranged chronic-drunk-driving alcoholic. If that money didn't go to Nutso, where did it go? It is obvious that Nutso has been talking with my sister Anita via her son Michael who was manager of a McDonalds

Brandon was fired from. Brandon has been drug free for years and has an excellent job – (he'll probably pay over \$40,000-\$50,000 in income taxes this year) – which I would bet pays better than the jobs of his two half-brothers in England who have not bothered trying to contact their American half-brother and father. Nutso pretends both Ben and Toby, “her” sons, graduated from universities. Last I knew, Ben was working in a joinery, very honorable work, but hardly the glamor intended to be implied by saying “her” sons graduated from college, while “Dave's” son, Brandon “does and deals drugs”. Nutso is obviously not smart enough to realize the level of parental alienation she is pleading guilty to in front of the whole world by trying to divide “her” sons, Ben and Toby from their half-brother, Brandon.)

What an absolute liar you are.

You tortured a dog to death through lack of stimuli and exercise or human contact then blamed your neighbor (who does care for animals) you convince your brother that he's doing the right thing abandoning his children. You convince your parents to leave you their estate. You are evil. On top of this your blog, unlike others does not allow free speech or argument. What a fraud.

(Response of John Wilkenson: I haven't the faintest clue what Nutso is talking about regarding a dog. It is obvious, however, that Nutso has been and/or is in regular contact with my lying manipulative sister Anita.)

Your evil life.

We reject you and all your workings.

(Response of John Wilkenson: Yeh, all schizophrenics say “we” instead of “I”. Apparently Nutso has a mouse in her pocket. Schizophrenia jokes: “I used to be schizophrenic but we're all right now.” “Roses are red, violets are blue... I'm schizophrenic and so am I...” “I may be schizophrenic but at least I have each other!” “I used to think I had schizophrenia, then I realized that is just what the voices want me to think!”)

Subject: Your arrogance

Ben and Toby have both completed their college ed, Your brother's blog, presumably with your consent, has angered them greatly, not only has it not given them a right to reply, but also it has tainted their lives immeasurably. You are the most arrogant, narcissistic idiot. You have traded a relationship and the respect of two beautiful human beings that also happen to be your children , for money and what you perceive to be respect from like minded people. Let me tell you, at the end of the day no one respects anyone who has abandoned or neglected their own family. Especially when it's for monetary gain. You will have to deal with the fact that Ben and Toby want nothing to do with you or Brandon but maybe you should look at the facts first, you abandoned them at a critical point in their life, with no explanation and Brandon does and deals drugs.

(Response of John Wilkenson: All anybody has to do to understand what a manipulative blithering lunatic Nutso really is, is read the 180-page deposition of her first ex-husband, Paul Sowerby at <http://bit.ly/1Os3BRl> along with the comments that various MCDHS caseworkers made against her. Most importantly, they noticed that Ben and Toby behaved normally towards David, but they showed no bonding with Nutso and tried to stay away from her. I might add that apparently Nutso, who perceives herself to be quite intelligent, is not smart enough to understand that all I am going to do with her unwanted harassing emails is to save them and put them into an aggregation such as this one for the whole world to see what a raving, loony “clearly seriously ill”, “deranged alcoholic” – Paul Sowerby's words – she actually is.)

Allowing yourself to be the unauthorized attorney of record for a man who obviously thinks that his financial responsibilities to the children he jointly brought into the world ended when his wife decided enough was enough and left him was both foolhardy and disgusting in equal measure. You are out of line intellectually, morally and legally. Also you have managed to convince everyone concerned of yours and David's mental instability.
